ART

Intro to Street Art: Posters, Stencils, and Collage

Street Art is any art inspired by, developed, and executed in a public space. Derived from both Pop Art and Graffiti Culture, this art form now pervades our cityscapes, film/television media, and the Internet. This workshop provides an overview of this phenomenon using books, slideshows, and other media. Students will create their own large format poster intended for their most coveted private space – their bedroom wall.

Adult Drawing Workshop: Learning to See

There is a misconception that if you can't draw well, then you are not artistic. Drawing, like any recreational activity, only improves if one makes a habit of it. This workshop allows students of all skill levels to better the relationship between their creative mind, eyes, and hands in a relaxed and fun environment.
